Dear Mr. Gill,

Re: Coach House, Northdown Park

Earlier this year, I purchased from Thanet District Council, a lease on the above property, which I interpret as giving me sole rights, excepting conditions on the lease, regarding the administration of the property.

On Friday 1st August, Mr. I.J.C. Friend entered the premises uninvited and informed the Manpower Services staff employed there that he has the last say in what goes on in the building. He then complained about the electrical installation, which is at present being renewed, and advised the staff to cease work and contact Cllr. Matthews. Mr. Friend explained that the building was his family home and that he was very much involved in any works carried out there.

Could you please inform me if he has any rights over the above and if so, why I have not been informed.

Yours sincerely,

P.R. Miles.
