Mr. P.R. Miles,
Eastnorthdown House,
Eastnorthdown,
Margate,
Kent.

Dear Mr. Miles,

Eastnorthdown Cottage

In reply to your letter, the copy I received carried no date, address or legible signature. The matter is in the hands of solicitors. Please do not trouble Willie with your problems. You were given first refusal and failed to come up with a reasonable offer. I told you the asking price and you were not interested at that price. You had a month to think it over.

I understand that Mr. Davey is in the same line of business as you so you should have friendly, neighbourly interests in maintaining the Conservation Area and listed buildings. In particular I would ask for your full cooperation in removing the unlicensed livery business elsewhere, mobile homes, the stored boat which overhangs the road and any caravans. There is also a new street light placed on my land and a large steel gate which swings the wrong way. To stop lorries, the entrance should be restored to six feet only. I would remind you that the land which you bought from my sisters does not have any access on any pretext up the farm road, yet a large mobile home has been placed there. The access is to allow your car to get in and out of your garage only. I have not heard of any planning consents being given but keep me informed, so we can work together. Please cut back your overhanging evergreens to the wall.

When your boat is removed there will be no excuse for "horsey culture" folk to park their vehicles in my private road which is strictly forbidden as two fatal accidents have occurred.

Yours sincerely,

I.J.C. Friend.
