Dear William,

I am in receipt of your letter of the 12th instant concerning road repairs. I agree with you, whole heartedly, that the time is nigh for immediate action. I am quite satisfied with your estimate of £1000 and indeed raise no objection in regard to the £200 contribution that you are seeking from me. I am sure you have taken the necessary professional advice and I am pleased to let you execute the repairs. In regard to future costs I am, again, pleased to contribute my fair share and will 'go along' with whatever method the other interested parties deem suitable.

I would also like to take this opportunity to thank you for your kind advice and help over these many years. The operation of the farm has never been a problem for me. After all, the farm was there a century or two before I arrived! I welcome the sound of Holy Trinity bells on Sunday and the usual farm sounds as they reinforce the rural atmosphere for me. In particular your vehicles activity has presented no problem whatsoever. Please let me know when you would like my cheque.

Kind regards,

---
