Dear Mr & Mrs Friend,

Re: Attempted Knock Down 20.05.05

As you are aware, Louise Fiend purposely and deliberately drove her car at me outside of my house, on the afternoon of the 20th May at 16.10pm. After her failed attempt to knock me down with your car, she then grinned and obscenely gestured to me with her middle finger.

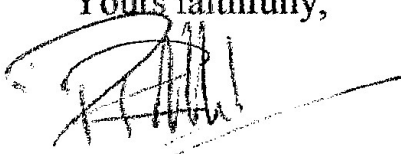

I am informed that when interviewed by Police, she claimed that I had, "jumped out in front of her car", and that regarding the gesture, she declined to comment.

You will be fully aware that I have on many occasions in the past, attempted to speak with you regarding the serious problems caused by the numerous breaches of the planning conditions attaching to the industrial use of your, 'redundant farm buildings'. In addition, the deterioration and indeed destruction of the private lane accessing the residential properties including my own, is of grave concern. As you are fully aware, the continuous, excessive and unauthorised use of the lane by your industrial tenants has caused the previously perfectly adequate surface to break up. As I stated in my letter to you of February 2004, your 'repairs' are totally unacceptable and render the road dangerous to all users. In the event of damage or injury, you will be wholly responsible.

None of my attempts, or for that matter those of my neighbours, to communicate with you have been successful or been of any effect. Indeed you have refused to make any worthwhile contribution to a useful dialogue. In the absence of this, which is entirely your choice and responsibility, I have no alternative, other than to refer all of the various matters to any or all of the statutory bodies who have powers to control the anti-social activities, for which you are responsible. If however, you should decide that you wish to take a more reasonable approach in the future, you only have to be co-operative.

Finally, any further instances of the abovementioned irresponsible and aggressive behaviour by Louise Friend will not be tolerated, and the appropriate action will be taken should there be any further problems.

Yours faithfully,

P. R. Miles.
