Dear Both,

Given the attention we have been paying to the various issues at the Industrial Estate at the above address, I am naturally concerned at the report in today's Gazette concerning the accident to a young employee. Given his age, the nature of the accident and materials involved, please advise if there are any Planning or Enforcement powers we could use to bring this industrial use to an end. Metal bashing has its place, but not I would argue, in a Conservation Area. The situation is exacerbated of course by an apparent lack of professional standards by landlord and unit operator? The HSE will no doubt produce a report in due course, but I am not sure if we are entitled to see a copy of it, or that we should wait until it is published before taking our own action!

Your urgent advice on how to proceed is awaited.

Thanks and regards,

Martin Wise (Cllr.)
